

Be Mine

Madcon

I hit it from the front to the back
Just dance
Just dance
Just dance

Be mine an I'll be yours
Be mine an I'll be yours
Be mine an I'll be yours
Be mine an I'll be yours
Be mine an I'll be yours

You're amazing
Entertaining
So I gotta get up in those drawers
Looking like a dream in your thight jeans
I mean I gotta get to know ya
You're a lady
So tasteful
So I'll never let her go
Not gonna let her go
Not gonna let her go

I'm at a loss for words
Please believe it
I met a naughty girl and
She ain't easy
I wanna dance with her
Not you, not you, not you, not you
But her
I wanna dance with her
Not you, not you, not you, not you
But her

Hit it from the back
Get in the act
Let I hit her back
Just dance
To my women in the front and the back
Just dance
I hit it from the front to the back
Just dance
I gotta hit the back of the back
From the back
Get in the act
Let I hit her back
Just dance
To my women in the front and the back
Just dance
I hit it from the front to the back
Just dance
I gotta hit the back of the back

Just dance
Just dance
Just dance

See it's the way of the world, yup

Them girls always make it hot
And everytime we in the club, yup
Them boys' always on the clock
See we're from l'afrika
With that new cause
Tell your mother we're dancing until the roof's of
Baby do yours
I'm do mineshorty
'N when we do it we'll be doing it right

Grab a girl and lean back
From the wall to the dance floor
Dj bring the beat back
Do it again like an encore
Like an encore
We got the girls now
Follow your man to the dance floor
Let'em bring that heat back
Do it again like an encore
Like an encore

Just dance
Just dance
Just dance

[Chorus]
