

Mirage

Madcon

My visions of you
Eh, eh, eh, eh, eh, yeah
My visions of you
Eh, eh, eh, eh, eh, yeah
My visions of you, you
Eh, eh, eh, eh, eh, yeah
My visions of you, you, you
Eh, eh, eh, eh, eh, yeah
My visions of you

It wasn't real, I woke up all alone from a dream
I can see it repeat, repeat, repeat
I keep on searching for you, I know it's got to be true
I'll find you, find you, my darling
Ready or not, here I come
You belong to me, my darling
You're all I need, all I want
You will come to me

You're my mirage
Lost and I'm trying to find you
I need to know if this could be true
I'm for you, you, you
You can light up my fire
It's hard to know just like a mirage
My visions of you
Eh, eh, eh, eh, eh, yeah
My visions of you
Eh, eh, eh, eh, eh, yeah
My visions of you
Eh, eh, eh, eh, eh, yeah
My visions of you
Eh, eh, eh, eh, eh, yeah

Feeling thirst in my heart
Trying to dive in, but it's just a mirage
Not headed there, I will wait for the morning
Though we never met I know just who you are
You smile like the day-time sun
Your eyes light up like you just won the lotto
Uh, your heart If you got a good one that's the best thing to follow
You work for the future, live for today
Ride for the two of us, skip all the games
Play like it's sweet 16
I'm trying to paint with these 16's
We kiss like we love, fuck like we enemies
New Year's Eve how we spark
Uh, I'll get to know you one day, love, but for now you remain a mirage

You're my mirage
Lost and I'm trying to find you
I need to know if this could be true
I'm for you, you, you
You can light up my fire
It's hard to know just like a mirage
My visions of you
Eh, eh, eh, eh, eh, yeah

My visions of you
Eh, eh, eh, eh, eh, yeah
My visions of you
Eh, eh, eh, eh, eh, yeah
My visions of you
Eh, eh, eh, eh, eh, yeah
