Blue Alert

Madeleine Peyroux

There's perfume burning in the air Bits of beauty everywhere Shrapnel flying, soldier hit the dirt

She comes so close You feel her then She tells you No and No again Your lip is cut on the edge of her pleated skirt Blue Alert

Visions of her drawing near Arise, abide, and disappear You try to slow it down It doesn't work

It's just another night I guess
All tangled up in nakedness
You even touch yourself
You're such a flirt
Blue Alert

You know how nights like this begin The kind of knot your heart gets in Any way you turn is going to hurt

There's perfume burning in the air Bits of beauty everywhere Shrapnel flying, soldier hit the dirt Blue Alert

She breaks the rules so you can see She's wilder than you'll ever be You talk religion but she won't convert

Her body's twenty stories high You try to look away, you try But all you want to do is get there first Blue Alert

You know how nights like this begin The kind of knot your heart gets in Any way you turn is going to hurt

There's perfume burning in the air Bits of beauty everywhere Shrapnel flying, soldier hit the dirt Blue Alert Blue Alert...
