

## California Rain

Madeleine Peyroux

California rain is fallin'  
I can hear the summer callin'  
Far away, far away  
A song that's fadin'

Put me on a plane tomorrow  
I'll try to run from all my sorrow  
Far away, far away  
From endless waitin'

It's so cold here without the sun  
I'm so sad here far away from everyone

What a fool to be ambitious  
Moving here with all of my wishes  
Far away, far away  
From where my heart is

Shut the phone off and pack my bags  
No more boys who boast and brag  
Far away, far away  
Where I belong

I'm so sorry for some things I've done  
I'll be lonely till I can see my only one

California rain keeps fallin'  
I can hear that old love callin'  
Far away, far away  
Where I started

I'm goin' back, back where I belong  
Gonna catch a train  
Gotta get back where I belong  
Get back
