

Give Your Moma One Smile

Madeleine Peyroux

I love you, baby
Wouldn't tell you no lie
I always want you by my side
Oh baby, give your mama one smile

Come here, papa, let's talk awhile
You know I love you, don't you realize
Oh baby, give your mama one smile

You know I love you, you know it's true
I'll do anything in the world for you
Come here, baby, hold me tight
Love your mama, baby, love your mama right now

Smile, don't cry
You know I'll always be satisfied with you
Oh baby, give your mama one smile

I love you, baby and you know it's true
Don't say it so
Don't say we're through

Come here, papa, hold me tight
Love your mama, baby, love your mama right now
Smile, don't cry
You know I'll always be satisfied with you

Oh baby, give your mama one smile
Now smile
Oh baby, give your mama one smile
