

# Dream Dream Dream

Madeon

I can hardly explain  
All of this love  
You're keeping me sane  
My love  
I'm finally recovered

'Cause I got you to adore  
Nothing is true anymore  
What I've been through isn't much  
Your heart can heal the pain

'Cause I got you to adore  
Nothing is true anymore  
What you've been through let it go  
Your heart can heal the pain

I feel the weight of my dreams  
I feel the weight of my dreams, yeah  
I feel the weight of my dreams  
I feel the weight of my dreams, yeah  
I feel the weight of my dreams  
I feel the weight of my dreams, yeah  
I feel the weight of my dreams

'Cause I got you to adore  
Nothing is true anymore  
What I've been through isn't much  
Your heart can heal the pain
