

Bad Habit

Madilyn Bailey

Since you left, there's been a void inside my chest
Since you left, my body wants only to protest
Since you left, I've been a mess, I've been a mess
Since you left, since you left

I got so used to having you around
I never thought I'd be without you
I got so comfortable caught in a routine
But now you're gone and I'm so empty

I made a bad habit outta you
I made a bad habit outta you
I tried sleeping you, I tried drinking you
I tried driving you away
I've tried everything to keep you at bay
But you don't seem to stay away
Cause I made a bad habit outta you
Oh, outta you

Since you left, the days drag by with no direction
Since you left, can't shake the want for that connection
Since you left, I've been a wreck, I've been a wreck
Since you left, since you left

I got so comfortable, caught in a daydream
But now you're gone and I'm so empty

I made a bad habit outta you
I made a bad habit outta you
I tried sleeping you, I tried drinking you
I tried driving you away
I've tried everything to keep you at bay
But you don't seem to stay away
Cause I made a bad habit outta you

All the things we used to do, I don't do them anymore
All the memories haunt me there, it's too much to ignore
Every time I think of you, the thoughts make me sick
Cause I got attached and I gave myself one bad habit to kick

I made a bad habit outta you
I made a bad habit outta you
I tried sleeping you, I tried drinking you
I tried driving you away
I've tried everything to keep you at bay
But you don't seem to stay away
Cause I made a bad habit outta you
