

# White Heat

## Madness

Down between the sunbeams  
The money lenders chat  
Hiding in the shade  
Outside a council flat

Kids in the lift  
Looking for things to throw  
And practising their aim  
On the heads below

Make their apologies  
With the quickness of their feet  
Then lost in the heat haze  
That shimmers across the street

Underfoot  
The pavement is melting  
Crumbling  
For the luckiest girl  
The whole world is melting

But I'm still not in  
Till a week next Wednesday  
I'm holidaying on the roof  
Till the big bad wolf goes away

In the street  
The pavement is melting  
Crumbling  
For the luckiest girl  
The whole world is melting

White heat  
Turns the street  
Upside down

Down between the sunbeams  
The debt collectors chat  
Hiding in the shade  
Outside a council flat

By the hairs on my  
Chinny chin chin  
I shall not let you in

N the street  
The pavement is melting  
Crumbling  
For the luckiest girl  
The whole world is melting

For the luckiest girl  
White white heat
