

Hey You

Madonna

1. Hey you
Don't you give up
It's not so bad
There's still a chance for us
Hey you
Just be yourself
Don't be so shy
There's reasons why it's hard
- R1: Keep it together
You'll make it alright
A celebration is going on tonight
Poets and prophets
Would envy what we do
This could be good
Hey you
2. Hey you
Open your heart
It's not so strange
You got to change this time
Hey you
Remember this
None of it's real
Including the way you feel
- R1: Keep it together
We'll make it alright...
- *: Save your soul
Little sister
Save your soul
Little brother
Hey you
Save yourself
Don't rely on anyone else
- R2: First love yourself
Then you can love someone else
If you can change someone else
Then you can save someone else
But you must first love yourself
Then you can love someone else
If you can change someone else
Then you have saved someone else
But you must first
3. Hey you
There are on the fence
You got a choice
One day it will make sense
Hey you
First love yourself
Or if you can't
Try to love someone else
- R1: Keep it together

We'll make it alright...

R2: First love yourself...
