Im ninalu daltey Nedivim  
daltey Nedivim  
Daltey Marom

Staring up into the heavens  
In this hell that binds your hands  
Will you sacrifice your comfort  
Make your way in a foreign land

Wrestle with your darkness  
Angels call your name  
Can you hear what they are saying  
Will you ever be the same

Mmmm mmm mmm  
Im Nin'alu, Im Nin'alu  
Mmmm mmm mmm  
Im Nin'alu, Im Nin'alu

Remember, remember  
Never forget  
All of your life has all been a test  
You will find the gate that's open  
Even though your spirit's broken

Open up my heart  
Cause my lips to speak  
Bring the heavens and the stars  
Down to earth for me

Mmmm mmm mmm  
Im Nin'alu, Im Nin'alu  
Mmmm mmm mmm  
Im Nin'alu, Im Nin'alu

Wrestle with your darkness  
Angels call your name  
Can you hear what they are saying  
Will you ever be the same

Mmmm mmm mmm  
Im Nin'alu, Im Nin'alu  
Mmmm mmm mmm  
Im Nin'alu, Im Nin'alu
