

# Sanctuary

Madonna

Surely whoever speaks to me in the right voice  
Him or her I shall follow

Who needs the sun, when the rain's so full of life  
Who needs the sky  
It's here in your arms I want to be buried  
You are my sanctuary

Who needs the sun, when the rain's so full of life  
Who needs the sky, when the ground's open wide  
It's here in your arms I want to be buried  
You are my sanctuary

Who needs a smile, when a tear's so full of love  
Who needs a home, with the stars up above  
It's here in your heart I want to be carried  
You are my sanctuary

Who needs the light, with the darkness in your eyes  
Who needs to sleep, with the stars in the sky  
It's here in your soul I want to be married

And the earth was void and empty  
And darkness was upon the face of the earth

Is all of this pain so necessary  
You are my sanctuary

Surely whoever speaks to me in the right voice  
Him or her I shall follow  
As the water follows the moon, silently

Who needs the sun (with fluid steps)  
Who needs the sky (around the globe)  
Who needs to sleep (I hear your voice)  
You are (you are) my sanctuary  
You are (you are, you are)  
You are (you are) my sanctuary
