

# She's Not Me

Madonna

I should have seen the sign way back then  
When she told me that you were her best friend  
And now she's rolling, rolling, rolling  
And you were stolen, stolen, stolen

She started dressing like me and talking like me  
It freaked me out  
She started calling you up in the middle of the night  
What's that about?

I just want to be there when you discover  
When you wake up next to your new lover  
She might cook you breakfast and love you in the shower  
The flavor of the moment, cause she don't have what's ours

She's not me  
She doesn't have my name  
She'll never have what I have  
It won't be the same  
It won't be the same

I should have seen the sign when you were here  
Under a different light, it's all so clear  
She was stealing, stealing, stealing  
And now you're feeling, feeling, feeling

She started dyeing her hair and  
Wearing the same perfume as me  
She started reading my books  
And stealing my looks and lingerie

I just want to be there when you discover  
You wake up in the morning next to your new lover  
She might cook you breakfast and love you in the shower  
The thrill is momentary, cause she don't have what's ours

She's not me  
She doesn't have my name  
She'll never have what I have  
It won't be the same  
It won't be the same

She is licking her lips  
And she's batting her eyes  
She's not me  
She's got legs up to there  
And such beautiful hair  
She's not me  
Oh, devoted for life  
Make a beautiful wife  
She's not me  
If you spend some more time  
I guarantee you will find  
She's not me

I know I can do it better

If someone wants to pimp your style  
And hang with you a little while  
And make off with all the things you like  
You're gonna have to watch it

She's not me  
She doesn't have my name  
She'll never have what I have  
It won't be the same  
It won't be the same

Never let you forget  
She's not me  
She's not me, and she never will be

Never let you forget  
She's not me  
She's not me, and she never will be

[Pharrell's rap]

She's not me  
She's not me  
She's not me, and she never will be  
She's not me  
She's not me  
She's not me, and she never will be  
She never will be  
Never will be  
Never will be  
Never will be  
Never will be  
Never will be

Never will be...

She's not me and never will be  
Never will be...
