

# Swim

Madonna

Put your head on my shoulder baby  
Things can't get any worse  
Night is getting colder  
Sometimes life feels like it's a curse

I can't carry these sins on my back  
Don't wanna carry any more  
I'm gonna carry this train off the track  
I'm gonna swim to the ocean floor

Mmmmmmm  
Crash to the other shore  
Mmmmmmm  
Swim to the ocean floor

Children killing children  
While the students rape their teachers  
Comets fly across the sky  
While the churches burn their preachers

We can't carry these sins on our back  
Don't wanna carry any more  
We're gonna carry this train off the track  
We're gonna swim to the ocean floor

Mmmmmmm  
Crash to the other shore  
Mmmmmmm  
Swim to the ocean floor

Let the water wash over you  
Wash it all over you  
Swim to the ocean floor

So that we can begin again  
Wash away all our sins  
Crash to the other shore

Mmmmmmmmm

I can't carry these sins on my back  
Don't wanna carry any more  
I'm gonna carry this train off the track  
I'm gonna swim to the ocean floor

Mmmmmmm  
Crash to the other shore  
Mmmmmmm  
Swim to the ocean floor

We can't carry these sins on our back  
Don't wanna carry any more  
We're gonna carry this train off the track  
We're gonna swim to the ocean floor

Crash to the other shore  
Swim to the ocean floor

Mmmmmmm
