

# Wash All Over Me

Madonna

In a world that's changing  
I'm a stranger in a strange land  
There's a contradiction  
And I'm stuck here in between

Life is a like a desert  
An oasis... too confusing  
So I walk this razors edge  
Will I stand or will I fall  
Turned a blind eye

Tried to pretend that nothing is what it seems  
Torn between the impulse to stay  
Or running away from all this madness

Who am I to decide what should be done?  
If this is the end then let it come  
Let it come, let it rain  
Let it rain, rain all over me  
Like the tide, let it go  
Let it wash all over me  
Over me, let it wash all over me  
Over me, let it wash all over me

All of my illusions  
Could be shattered in a second  
You could thread a needle  
With a tear drop from my eye

It's a cruel injustice  
To be witness to the things I see  
Looking for the answer  
When it's right in front of me

From the tower of Babylon  
Where nothing is what it seems  
Gonna watch the sun going down  
I'm not gonna run from all this sadness

Who am I to decide what should be done?  
If this is the end then let it come  
Let it come, let it rain  
Let it rain, rain all over me  
Like the tide, let it go  
Let it wash all over me  
Over me, let it wash all over me  
Over me, let it wash all over me
