

X-static Process

Madonna

1. I'm not myself when you're around
I'm not myself standing in a crowd
I'm not myself and I don't know how
I'm not myself, myself right now

R1: Jesus Christ will you look at me
Don't know who I'm supposed to be
Don't really know if I should give a damn
When you're around, I don't know who I am

2. I'm not myself when you go quiet
I'm not myself all alone at night
I'm not myself don't know who to call
I'm not myself at all

R1: Jesus Christ...

R2: I always wished that I could find
Someone as beautiful as you
But in the process I forgot that I was special too

*: I'm not myself when you're around
(I'm not myself when you go quiet)
I'm not myself all alone at night
(I'm not myself standing in a crowd)
I'm not myself and I don't know how
I'm not myself, myself right now
(Don't know what I believe)

R1: Jesus Christ...

R2: I always wished...

I always wished that I could find
Someone as talented as you
But in the process I forgot
That I was just as good as you
