Lift Me

Madrugada

Lift me - lift me from the ground And don't ever put me down - oh no And don't pick a fight with me Just flip a coin my love - you've won

Oh Love - slips her hand inside my hand Oh Love - slips her hand inside my hand I don't care if you don't want me I'm yours - I'm yours right now

Our years - are years well spent We may never find out where they went - oh no And I don't mean to fight with you Now all our troubles and all our struggles they are through

Oh Love - slips her hand inside my hand Oh Love - slips her hand inside my hand I don't care if you don't want me I'm yours - I'm yours right now

The wolf and the fox They're sleeping soundly with the elk and the ox There's a starry field around This lowlit kingdom Where all our defences are down

Oh Love - slips her hand inside my hand Oh Love - slips her hand inside my hand I don't care if you don't want me I'm yours - I'm yours right now

Wrecked, poor, naked and blind I'm yours - I'm yours -right now
