

# This Old House

Madrugada

How come the stars shine so bright  
Here in this night, it will not end  
There's a boy and a girl  
Who know all the wrong words  
And you and I need no more

It's so good to be alone with you  
It's so good to be open eyed  
And they won't know us anymore  
Once we step back into  
This old house

In this old house  
Where every door is open  
Listen real close  
This old house

In this old house  
We know there's more to this than that  
With the nation of two  
In this old house

This old house is where we  
Consider it gone never  
Now, there were days when we would fall  
Those guiding stars would shine no more  
Oh it's all right with me  
We just don't talk it over  
Stay the rest of this day in this bed

It's so good to be alone with you  
It's so good to be open eyed  
And they won't know us any more  
Once we step back into  
Oh this old house

In this old house  
Where every door is open  
We'll take it real slow  
In this old house  
In this old house  
We know there's more to this than that  
Never leave  
This old house

Oh in this old house  
We know there's more to this than that  
Never leave  
This old house  
Oh in this old house, this old  
We know there's more to this than that  
We'll never leave  
This old house
