

# Drunken Butterfly

Mads Langer

So the're places I don't wanna go  
And answers to questions I don't wanna know  
It is in my sunken eyes  
That the mirror reveals my disguise  
Oh yeah

There's an ocean of faces right in front of me  
And a million miles to go before I sleep  
I'm a drunken butterfly  
All my nightmares refuse to die  
Oh yeah

'Cause I have never ever been so alone  
And nothing has ever felt so safe in me, no no  
Oh yeah

I am wasting time on foolish cinematic dreams  
I see my future running on a broken silver screen  
I'm walking on a sunken road  
Waiting for my head to explode  
Oh yeah

And I have never ever been so alone  
And nothing has ever felt so safe in me, no no  
Oh yeah

Oh 'cause I have never ever been so alone  
No nothing has ever felt so safe in me, no no  
Oh yeah
