

Love Letter

Mads Langer

If this is a dream don't wake me up
If this is a secret I'll keep my mouth shut
If reality afronts my eyes I will no longer search for
disguise
I'll face it
I'll remain faithfull to my vows
Cause I wasn't born with silverspoons in my mouth
In other words I'll make it worth the effort for you
This is my love letter to you
I hope you say yes yes I do, I want to stay with you
It's like an iron hand in a velvet glove
There's nothing life can't rise above
Let's explore the new avenue which dropped out of the
blue
This is my love letter to you
I hope you say yes yes I do, I want to stay with you
It takes two to do the tango
It takes two to dance the night away
So take my hand and I'll take you through the night
This is my love letter to you
I hope you say yes yes I do, I want to stay with you
