

Whisper Goodnight

Mads Langer

Go to sleep with peace in your mind
I'll make sure that you will find
that everything is not as bad as you thought it was

Close your eyes and let all the bad things rest in peace
you'll find release in your sleep
I'll whisper goodnight

And if you wake up crying I'll comfort you
Make sure you know it's true
that I've never ever laid my eyes on anyone as beautiful as you

I'll whisper goodnight
