

The Star

Maggie Reilly

You will soon be leaving I know
Take my best thoughts when you go
For I could search this entire world through
Never finding a friend like you

May a star shine glorious and bright
Guide you through the darkest night
And carry you safely through danger and storm
To a new world at the dawn

We have intertwined our lives
Shared our sorrows and our joys
And I would be leaving with tears in my eyes
If I had to make the same choice

May a star shine glorious and bright
Guide you through the darkest night
And carry you safely through danger and storm
To a new world at the dawn

So I hope that your fate will be kind
In this new life that you find
And though cruel will fortune might keep us apart
You will always be close to my heart

May a star shine glorious and bright
Guide you through this darkest night
And carry you safely through danger and storm
To a new world at the dawn
To a new world
To a new world
To a new world
To a new world
At the dawn
