

# Energy Of Light

**Magic Affair**

That's the power of light

Light energy of light  
Shining through the night  
Full of energy  
The light that shines on me

Light precious gift for all  
It will keep me warm  
Conquer all my fears  
Color of my tears

Energy of light  
All I want from you is energy,  
Energy of light  
A creation of the light in me  
Tell me won't you tell me  
Can you see what I can see  
Tell me won't you tell me  
Is the power of the light in me

Energy of, energy of, energy of light  
Energy of, energy of, energy of light

Light energy of light  
Illuminates my mind  
So my heart will glow  
I'll never let it go

Light guide me through the night  
Make me feel so right  
You light up my love  
I just can't get enough
