

Water Of Sin

Magic Affair

Illusion, intrusion, shadows reflecting my mind
Temptation, confusion, emptiness and pain is all I find
I tried to find myself, I tried to free my brain,
Unchained the devil, now I lost you again
Ooooh, how many tears you cry
Ooooh, until the day you die

Teardrops forming, the water of sin
Oh how I miss you, to moisten all your skin
There is a rainbow but I can see no sky
Future was fading, when you kissed me goodbye
Goodbye
