

She Riff

Magic Dirt

I'm not a party girl, I don't like to
smoke
I'm not a party girl, I don't like to
drink
I'm not a party girl when you say it
don't matter, You all say it matters
You know it don't matter,
What the path of my gap is,
I'm not a party girl, I don't like impress
I'm not a party girl, I don't like to
inject
I know where I stand with you when
It all gets in the way,
I'm not a lolly train when you take me
to the corner and you say don't ignore
her, and you know that she knows in the
corner she's a party train
Mother of Ivory
Inside, Outside,
Out of sight, Insight, Insight.
