

# Four Demon Kings of Shadowlands

Magic Kingdom

Look at the beauty of this earth  
The blue sky and the waterfalls  
Where everyone should live in peace and without fear  
But chaos starts his evil work  
A battle for faith they would die  
My life is worth more than a lie

Darkness falls, evil's attempts will look so divine  
Take your stand against the devil's plan  
See behind the mask

Four Demon Kings of Shadowlands  
Four Demon Kings of Apocalypse  
Terrorizing nations  
In the name of the Unholy  
They don't belong to the Kingdom of God  
Turning the realm in a dark world  
Four Demon Kings  
Four Demon Kings of Shadowlands

Spiritual promises make you blind  
You're so lost  
You think you rule the world  
Coz beauty fears the shadows  
Four Prophets of Lies have been sent  
Four Fallen Angels will torment  
and haunt you till you change your mind

Mothers cry, precious sons  
Forever gone and doomed  
Their souls will fade in the flames of hell  
Truth will conquer
