

## Into Silence

Magica

My head  
On a pillow  
On a bed  
Like lead  
Where all has been tried  
And everything said  
With no feeling inside  
And no future ahead

In this god-forsaken land  
In my life so second-hand  
I am chasing my thoughts out the window

I am losing balance  
Of body and mind:  
Such a strange alliance  
Sometimes...  
To this blandness  
I'll be finally blind  
And I will see...  
From the ashes of the real  
To the blazes of my will  
Glimpse the unthinkable!

I am losing balance  
Of body and mind:  
Such a strange alliance  
Sometimes...  
To this blandness  
I'll be finally blind  
And I will see...

Slipping into silence (Soaring on a dream)  
Leave all behind  
Seeking guidance (Following a beam)  
From the Sandman  
In defiance (Seeing the unseen)  
Of my earthly bind  
I'll fly away  
Find my way back home...
