

Skinburns

Magnapop

Hot ropes
High hand
There's broken mirrors
Ground into broken sand
That cuts your feet or burns your hands
Rugburns
Ashes of where you've been
Rugburns
Keeping you back from amazing falls
Slowly turn
Skinburns
Slowly turn
Skinburns
Slowly turn
Skinburns
It's hot
Sinuses leave my head
No blame
My head is a scary place
To spend away your time
And cleanup medicine is
My friend
And fortunate that you came
Stay close
The world is a friendly place
At least I always heard it was
Slowly turn
Skinburns
Slowly turn
Skinburns
Slowly turn
Skinburns
They say beneath you if it's heavy
Hope it's ground
And there's the sky
It sucks you out
Your skin
You know it and
Where it's been
Stay close
The world is a friendly place
At least I always heard it was
Slowly turn
Skinburns
Slowly turn
Skinburns
Slowly turn
Skinburns
