

Doing Something Wrong

Magnolia Electric Co.

Last night the great bird was steady in his bow
I have got my shit together and I am ready to go
Oh but the way I've been acting (2x)
I'd have to be lucky
Last night the grey moon
Climbed right down in this hole
How on earth did you get down here
He said you know, that still ain't clear
But I had my shit together
And I was ready to go
I must be doing something wrong (3x)
I'm gonna say this once for the both of us
There's a lot of people out there who you can't trust
There's a lot of people out there who can't trust us
Just get your shit together
Get ready to go
Everybody's doing something wrong (3x)
