

Give Something Else Away Every Day

Magnolia Electric Co.

born to give it away
born to give it away
i'll take to my grave
no heart at all
i find a new kind every day
i find a new kind every day
i will find in my grave
no new pain
it was easy making myself the same
it was easy making myself less
but to get better
that's the hardest one yet
it's only the moon that's broke
it's not your heart
it's only the moon that's broke
it's not your heart
let the night in, baby
not the dark
born to give it away
born to give it away
i will take to my grave
no heart at all
