

## Baby Rock Me

Magnum

Well, I've got nothing to lose  
Now I've paid my dues  
Ain't got no one to deceive  
But that don't make me grieve

You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, rock me

Now if you're looking to please  
Well, then that's all I need  
But when you're giving me head  
Remember what I said

You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, rock me

Now if you give me a time  
Well, then I'm feeling fine  
But if you give me your love  
There ain't no one up above

You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, roll me

Now if you're looking to please  
Well, then that's all I need  
But when you're giving me head  
Remember what I said

You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, rock me  
You've got to rock, rock, baby, roll me  
You've got to rock, rock, baby, rock me
