

# Hush-A-Bye Baby

Magnum

There's a reason for everything living  
Maybe frightened alone in the night  
But there's someone near and forgiving  
Who treads softly to turn on the light

There's a reason for everyone's laughter  
Like a river it always will flow  
But there's something we are all after  
When that icy wind's starting to blow

Hush-a-bye baby  
Born in this crazy world  
Hush-a-bye baby  
Falling for every word  
Hush-a-bye baby, baby  
Hush-a-bye baby, baby

There's a reason we all get lonely  
Like a fool on the edge of a crowd  
When that feeling comes sneaking up slowly  
And your world has come tumbling down

There's a reason for everyone's laughter  
Like a river it always will flow  
But there's something we are all after  
When that icy wind's starting to blow

Hush-a-bye baby  
Born in this crazy world  
Hush-a-bye baby  
Falling for every word  
Hush-a-bye baby, baby  
Hush-a-bye baby, baby

Hush-a-bye baby  
Born in this crazy world  
Hush-a-bye baby  
Falling for every word  
Hush-a-bye baby, baby  
Hush-a-bye baby, baby

Hush-a-bye baby  
Born in this crazy world  
Hush-a-bye baby  
Falling for every word  
Hush-a-bye baby, baby, baby  
Hush-a-bye baby  
Hush-a-bye baby
