

Master Of Disguise

Magnum

Oh, do you think it's bad
When you try but you're the loser
Ooh, it makes you sad
To think that I would really choose her

Well I can see it in your eyes
You're a master of disguise, yes, you are
You've tricked me once before
Ain't gonna do it no more

Oh, you don't fool me
With your faceless look of sorrow
Oh, I don't think you'll see
Your today come true tomorrow

Well I can see it in your eyes
You're a master of disguise
You've tricked me once before
Ain't gonna do it no more, oh!

Yeah, come on!

Ooh!

Hey-yeah!

(Flute Solo)

Well I can see it in your eyes
You're a master of disguise
You've tricked me once before
Ain't gonna do it no more

Oh, you don't fool me
With your faceless look of sorrow
Oh, I don't think you'll see
Your today come true tomorrow

Well I can see it in your eyes
You're a master of disguise, oh, yeah!
You've tricked me once before
Ain't gonna do it no more
