

Movin' On

Magnum

Lay by my side and I'll make you a good time
Using your body to activate my mind

But I'm moving on, moving on, moving away
Yes, I'm moving on, moving on, moving away

Say what you want and then I'll do what you say
Yes, I will
Do what you want and then I'll say what you say
You know I will

'Cause I'm moving on, moving on, moving away
Yes, I'm moving on, moving on, moving away

I've got to leave you but there's no hurry
You've got to pay me but don't talk money
Just use that fantasy world from inside your head

Lay by my side and I'll make you a good time
Using your body to activate my mind

'Cause I'm moving on, moving on, moving away
Yes, I'm moving on, moving on, moving away
Yes, I'm moving on, moving on, moving away
Yes, I'm moving on, moving on, moving away
Yes, I'm moving on, moving on, moving away
Yes, I'm moving on, moving on, moving away
Yes, I'm moving on, moving on, moving away
Yes, I'm moving on, moving on, moving away
