

Your Lies

Magnum

Don't trust what they tell you
They're just playing
They think that we're crazy
It's our lives they're betraying

Can't stop their ambition
I'm just saying
We're all pigs at the same trough
Dealing while we're praying

Your lies
Don't fool me
You take
Almost constantly
Your lies, yeah
Make you see, yeah
Puts you
Where you want to be

No life for a poor man
I've seen through you
No room for the traitor
Nothing that we can do

Your lies
Don't fool me
You take
Almost constantly
Your lies, yeah
Make you see, yeah
Puts you
Where you want to be

All you want to be
If you can survive
Lose your sanity
Just to stay alive

Your lies
Don't fool me
You take
Almost constantly
Your lies, yeah
Make you see, yeah
Puts you
Where you want to be

Their lies
All lies
Their lies
Tell me no more
No more
No more
Their lies, yeah
Only sweet lies, yeah
Their lies
Tell me no more lies
