discowekend, and times to wear your dancing shoes, a bugaloo.
You know you hate your dancing shoes.

Hello, hello .

Hello. hello.

Hello. hello.

Hello. hello.

- Next from Magnus Uggla's solo gold album. His number one single done in English, It's called "Hit the girls on the run"

Let's go, let's go, let's go, let's go hit the girls on the run

.

Let's go, let's go, let's go, let's go hit the sweets for some fun.

We're hot and ready for love and nothing going to stand in our way,

the hunt is on and we'll hit the girls on the run.
