

Scandal Beauties

Magnus Uggla

Running with me, you're so together,
now you get black dressed of imitation leather.
You're act is so heavy, but you're light as a feather.

I see you hand in hand with a banker from out of town,
he told me you turned his head around.
It's easy to see,
if my love was in,
you'd be calling for me,
just like you did with him.

Scandal beautis, beau, beau, beau, beauties.
Is that a "no no no no",
if I need your affection?
Scandal beautis, beau, beau, beau, beauties.
But then you wonder so when you see the connection,
then you go.

You're all over town looking for action,
for my rip off of the main attraction.
You gotta be cool but there's no reaction,
this is the living in the pool of success.

I saw you at two with the lawyer of "with the law".
And out on his yacht,
you didn't care,
cause his money talked,
and your mind's square.

Scandal beautis, beau, beau, beau, beauties.
Is that a "no no no no",
if he needs your affection?
Scandal beautis, beau, beau, beau, beauties.
But then you want it so when you see the connection,
then you go.

You're playing your games in no usual places,
trying to be seen with all the famous faces.
You're there at the Ritz or at the day at the races.

I know you'd come for me when I'm back in the charts again.
Back in those charts again.
But when my luck runs out,
there's someone new,
when my record dies out,
he'll be looking after you.

Scandal beautis, beau, beau, beau, beauties.
Is that a "no no no no",
if they need your affection?
Scandal beautis, beau, beau, beau, beauties.
But then you want it so when you see the connection,
then you go.
