

# He's My Light

Mahalia Jackson

He's my light  
The man of Galilee  
And I know  
He's got his arm around me  
I'm glad to say  
That his love is ever true  
Power and might  
Are his possessions  
And he'll forgive  
All my transgressions  
He died for me  
Like no other could do

He's my light  
My guiding light  
I don't have to worry  
Day or night  
By his light  
He makes my pathway bright  
All the way  
Each step of the way

Oh he paid that awful price  
That I might have  
A right to the Tree of Life  
And I shall dwell with him  
Forever  
He is my light  
Oh, my guiding light
