

## Soldier

Maino

I see so many soldiers, falling down.  
So I stand on my feet, I won't ever quit, I won't touch the ground  
So many soldiers, falling down (falling down, down)  
I can hear them calling out for me, but I just can't turn back.  
I gotta keep movin' on

Yea, My heart is made of stone and my body's numb  
Feelin' like I'm empty all my feelin's gone  
The friends I used to have is now the ones that's gone  
Circumstances in the street left me all alone  
Wasn't feelin' much, at times I felt like givin' up  
Then a voice inside my head told me to live it up, to the limit  
yes  
Live it like it's limitless,  
Keep on movin' like my friends was still here livin' this.  
Can't believe I went to all my nigga's funerals  
So I keep on ballin' like my dogs would want me too  
Never forgotten, boy our liquor glasses in the air  
Keep on livin', screamin', "One day I'ma meet you there!"

'I gotta turn it up on this one Jimmy'  
Keep on movin', keep on pushin', hopin' that the Lord don' heard me  
I just got a couple questions:  
Why my homeboys left so early?  
Why you never took me wit 'em?  
Why you left me here to miss 'em?  
Why you let my cousin kill hisself and left me here to feel it?  
Lift my spirits, lift my spirits, this all real this not just lyrics  
Drink my pain with vodka and pineapple juice in a cup and stir it  
Pop a bottle, guess I'm ballin'  
Catch me God I feel I'm fallin'  
I can hear my loved ones callin'  
Been wide up since 5 in the mornin'  
Keep on goin', keep on goin', feelin' like the Worlds been closin'  
I stare at the stars and hope that all my friends could see me blowin'  
This is for my fallin' soldiers, I can feel you on my shoulders  
There's a piece of me that died with you, if you ever noticed

I am who I am  
I am who I am  
I am who I am  
Yeah, I can feel it!
