Throw a hundred stacks on'em  
Flow pd crack on'em...  
Unstoppable roll it like a tour bus  
Standing with my dogs  
Pretty bitches come and torch us  
Feeling like I am 2-pac  
Riding with my shirt off  
Busy drunk in a...  
As I mark off  
Different clubs same night  
Different girls same type  
Flawlessly up again  
Different days same life  
Rap for the hood  
This is for my brother a lo  
Just call me scar face  
Bitches call me...  
No feelings  
Everything is to the ceilings  
Get it how we live  
I am about to touch a million  
I couldn't rose  
Real niggas know me  
Fuck the whole industry  
I did it for the homey

It's just us  
Husteling on the house  
Let these bitch come  
It's just us  
Let's bang the house  
Let these bitch know
