

## Where Your Heart Belongs

Mainstay

You lost yourself in finding out  
The wonders of the world will let you down  
You gave yourself to those who never  
Cared about your soul, they only cared for their own  
Seems everyone has left you

You're not alone, I hear you call  
And I've been waiting here for you through it all  
You're not alone, come to the cross  
Let me show you where your heart belongs  
You're not alone

You went down the darkest roads  
And you know just how it feels to lose your hope  
But don't give up on everything  
When everyone has given up on you  
And it feels like everyone has left you

You're not alone, I hear you call  
I've been waiting here for you through it all  
You're not alone, come to the cross  
Let me show you where your heart belongs  
You're not alone

I will never leave you  
Come back to my open arms  
To the only love you need

You're not alone, I hear you call  
And I've been waiting here for you through it all  
You're not alone, come to the cross  
Let me show you where your heart belongs  
You're not alone, you're not alone, you're not alone
