

# Damnation Hero

## Majesty

I am fire, when wind is wild  
I am darkness when there is crimson light  
When they're calling for help I come  
They don't know me, I am the shadow's son

Whenever they need me the flame of rebellion will spark  
My deeds will prevail but my name will be lost in the dark

They're calling appalling  
Damnation Hero  
Defender, Avenger  
Damnation Hero  
Damnation Hero  
Damnation Hero

They are failing and lose control  
I'm their guardian and I will save their souls  
Their avenger who does the dirt  
Their defender when they are getting hurt

Whenever they need me the flame of rebellion will spark  
My deeds will prevail but my name will be lost in the dark

Rebellious and gracious  
Damnation Hero  
Devastation in their nation  
Damnation Hero

My lonely heart is pounding for reward  
For glory and for fame  
I save their lives, their children and their wives  
And they don't know my name  
And they don't know my name

They're calling appalling  
Damnation Hero  
Defender, Avenger  
Damnation Hero  
Damnation Hero  
Damnation Hero

Rebellious and gracious  
Damnation Hero  
Devastation in their nation  
Damnation Hero
