

(They're Gonna) Kick to Kill

Major Accident

Come you little brothers, come join with me.
Got something to show you, come look and see.
Won't take very long,
Viddy hard and long.

Sing along, they're marching proud and strong.
Walking round the streets, people they can beat.
Britvas they may flick, carving nice and slick.
Blood it starts to flow, ecstasy it grows.
Another one goes down, they beat him to the ground.

They'll kick to kill (4x)
