

Your Worst Enemy

Major Accident

Protest and survive, cos I wanna live.
I don't wanna die, I'll kick until it gives.

Smash the rich ideals, of the Tory scum,
Come the revolution, we'll hang the cunts for fun.

[Third verse repeat first]

[Chorus:]

I don't wanna live in your society,
I rule my own destiny,
I am the face of your future,
I am your worst enemy.
