

# Too Hot To Hold

Major Lance

Too hot to hold now, baby  
Too hot to hold, baby

Love's so wild  
It's like a raging fire  
And only you could be  
My heart desire

You treat me any old way  
You see fit, yeah  
I wanna quit but  
I just can't split

You're worth much more  
Than money and dough  
And your love is  
Too hot to hold

Too hot to hold now, baby  
(It's too hot to hold)  
Too hot to hold, baby

I tended to be dumb to  
All the wrongs you done  
You just keep on goofing, baby  
You say it's all in fun

All of your little friends  
Make me so mad, yeah  
Trying to be smart  
They think they're bad

But don't get me wrong  
Cause I can be bold  
And your love is  
Too hot to hold

Too hot to hold now, baby  
(It's too hot to hold)  
Too hot to hold, baby

I know I love you  
More each day  
And I, I hate to do it  
But I've got to get away

Time and time again  
I cry please, yeah  
(Girl) have mercy and  
Give my heart a little ease

I feel you're gonna hurt me  
This I've been told  
So your love is  
Too hot to hold

Too hot to hold now, baby

Too hot to hold, baby
