

My bathing suit is drying on the porch  
My mother is crying upstairs  
It's Batman, you're Batman  
And all I want is my Jessica  
My Jessica, my Jessican  
My Nezican, my Nezican  
Mine mine mine mine mine mine

You can let me off with a leash  
I won't come near, I won't come near  
Teach me to burn, teach me to speak  
I won't come near, I won't come near  
Some girls - they call the shots  
Other girls might call your shots  
But Jessica you're the girl and I'm the man  
I love your locks, and your looks and your legs

And my physical looms on the schedule,  
I wanna be healthy for you  
I hope it's not bad and, you're badman  
Cause all I want is my Jessica  
Mi Jessica  
Mi necessito quantassica  
My needs are calling out tonight my Jessica  
Mine Jessica  
Mine Jessica

You can let me off with a leash  
I won't come near, I won't come near  
Teach me to burn, teach me to speak  
I won't come near, I won't come near  
Some girls - they call the shots  
Other girls might call your shots  
But Jessica you're the girl and I'm the man  
I love your locks, and your looks and your legs

Teach me to burn, teach me to speak  
I won't come near, I won't come near  
Some girls - they call the shots  
Other girls might call your shots  
But Jessica you're the girl and I'm the man
