

# Powerful

Major Lazer

Oh my, my, my, what you do to me?  
Like lightning when I'm swimming in the sea  
From the very first time we loved  
From the very first time we touched  
Walking on wires and power lines  
You put your body on top of mine  
Every time that you lift me up  
To the heaven and stars above

Oh lord of mercy, I'm begging you, please  
I'm feeling drained, I need love  
You torch me up like electricity  
Jump-start my heart with your love

There's an energy when you hold me  
When you touch me, it's so powerful  
I can feel it when you hold me  
When you touch me, it's so powerful

There's an energy when you hold me  
When you touch me, it's so powerful  
I can feel it when you hold me  
When you touch me, it's so powerful

I couldn't leave even if I wanted to  
Cause something keeps pulling me back to you  
From the very first time we loved  
From the very first time we touched  
The stroke of your fingers, the scent of your lingers  
My mind roaming wild, the thoughts of your smile  
Oh, you gotta give me some  
Or you can give it all  
But it's never enough no

There's an energy when you hold me  
When you touch me, it's so powerful  
I can feel it when you hold me  
When you touch me, it's so powerful

I can feel it when you hold me  
When you touch me, it's so powerful  
There's an energy when you hold me  
When you touch me, it's so powerful

I can feel it when you hold me  
When you touch me, it's so powerful  
I can feel it when you hold me  
When you touch me, it's so powerful

Hold me in your arms  
Burns like a fire, electricity  
When you're close I feel the sparks  
Takes me higher to infinity
