

## Culture Of Doubt

## Malevolent Creation

Everything and everyone  
Is all wasted shit  
So much useless sacrifice  
For a cause that is unfit

Everything you are not  
Just another sniveling snot  
Culture of doubt  
Afraid to take it on

Everything you are not  
Idle stance or take your shot  
Culture of doubt  
Bring the system down

Everything and everyone  
Is all wasted shit  
Take it hard in the ass  
Or rise up contrast

Everything you are not  
Just another sniveling snot  
Culture of doubt  
Bring the system down

Failing lies  
Trapped by disguise  
Wake up and see  
You are never free

Failing lies  
Trapped by disguise  
Wake up and see  
You are never: FREEEE!!!

Always they play us  
Why do we give in  
Why don't we stand up  
Maybe finally win

I cannot fail  
Except this I will not  
No one will tell me  
My mind is not free
