Culture Of Doubt

Malevolent Creation

Everything and everyone
Is all wasted shit
So much useless sacrifice
For a cause that is unfit

Everything you are not Just another sniveling snot Culture of doubt Afraid to take it on

Everything you are not Idle stance or take your shot Culture of doubt Bring the system down

Everything and everyone Is all wasted shit Take it hard in the ass Or rise up contrast

Everything you are not Just another sniveling snot Culture of doubt Bring the system down

Failing lies
Trapped by disguise
Wake up and see
You are never free

Failing lies
Trapped by disguise
Wake up and see
You are never: FREEEE!!!

Always they play us Why do we give in Why don't we stand up Maybe finally win

I cannot fail
Except this I will not
No one will tell me
My mind is not free
