

Alright, take me off the talkback?  
Take some of that, can you just mute the autotune on my lead, right now?  
Yeah

If it was a need you had  
If it wasn't me you had  
You got all you need in that mind  
If somebody broke your heart  
Grabbed your keys and stole your car  
You got all you need, you'll be fine

Just stop cryin', cryin'  
Don't cry, cry no more  
Just stop cryin'  
Run through the door, whoa  
Just stop cryin', cryin'  
Don't cry, cry no more  
Ways that made you  
Can make it for sure

So dry your eyes  
Dry your weeping eyes  
Yeah, yeah  
Don't let the light fade out  
Don't let your life gonna pass you by  
You gotta try, no, you gotta try  
Try, yeah  
Don't let the light fade out  
Don't let your life gonna pass you by  
You got it  
Whoa

Oh yeah, you got it  
Here today because you able  
No, you got it  
Got it, gotta get your own  
And ain't no handouts or no favors  
Take your throne  
And before you know it you'll be home  
So say "I got it"  
Let your ears hear your mouth talking  
Something brightly, tonight  
Take your time and let's decide it  
And we all can see that it's night

Just stop cryin', cryin'  
Don't cry, cry no more  
Just stop cryin'  
Run through the door  
Just stop cryin', cryin'  
Don't cry, cry no more  
Ways that made you  
Can make it for sure

So dry your eyes  
Dry your weeping eyes  
(You know you can dry your eyes)

Don't let the light fade out  
(Don't let your light fade out)  
Don't let your life gonna pass you by  
You gotta try, no, you gotta try  
(You know that you gotta try)  
Don't let the light fade out  
Don't let your life gonna pass you by  
You got it

Yeah

I wonder when the summer come  
I wonder when the Son will come pick us up or take us  
Ch'yea, no label for the fakers  
And ain't no label for the flip-flop, slipknots, and heaven-sakers  
Greater workin'  
Yeah, I ain't lookin' to talk but walkin' it today  
Say, wait, yeah, but later works  
I say it again, I'm talkin' greater works  
For them first  
And stop cryin'  
Let's get it out!

Yeah, horns blow!  
Ooh-ooh-ooh, you got it  
Ha!  
You know  
Horns blow  
(Doo-doo-doo-doo  
Woo  
Hey  
Doo-doo-doo  
Doot-doot  
Doo-doo-doo)  
Doo-doo-doo-doo  
Whah
