

# Gimme Gimme

Mali Music

What cha here for  
Tell me what cha came here to do  
You wanna feel The Lord or did u come because of the show  
Either way u good because we know what we came to do  
We on a mission and we here to get you  
Get cha out the fire  
Get cha get cha  
Rescue you from the snare  
Snatch you outta hell  
Cus we know u don wanna go there  
Breakthrough is in the building  
Deliverance is here  
And if u need it  
Put cha hands in the air  
And yell yea! Gimmie Gimmie! (8x)

I'm tired of meeting up  
Feelin one way  
Beatin broken down  
And I'm needin  
And I'm hungry  
And I'm wantin  
And I leave the way I came  
Will I ever change  
The church is busy shouting raising offering  
And they never ever pay  
Attention to the needs  
Of the lost anymore  
Preaching to themselves and the light  
Not the dark anymore  
Thus sayeth the Lord  
Victory is yours!

What cha here for  
Tell me what cha came here to do  
You wanna feel The Lord or did u come because of the show  
Either way u good because we know what we came to do  
We on a mission and we here to get you  
Get cha out the fire  
Get cha get cha  
Rescue you from the snare  
Snatch you outta hell  
Cus we know u don wanna go there  
Breakthrough is in the building  
Deliverance is here  
And if u need it  
Put cha hands in the air  
And yell yea! Gimmie Gimmie! (8x)

The enemy is cold  
He kills with no remorse  
But in the Bible tells  
Me that the Kingdom suffereth violence  
But the violent (taketh)  
Taketh it by force  
We are at war  
War in my members

In my mind  
Yea we're fighting all the time  
God is on my side  
And if He be for me  
Tell me who can stand against me  
So I let Him be my Shield  
I let Him be my Guide  
I let Him be my Sword  
Victory is mine!

What cha here for  
Tell me what cha came here to do  
You wanna feel The Lord or did u come because of the show  
Either way u good because we know what we came to do  
We on a mission and we here to get you

take it  
By force  
Take it  
Gimmie!
